Who we are

Founded in 2013, the **International Action Network for Gender Equity & Law (IANGEL)** is a global legal network dedicated to advancing gender equality. We harness the power of pro bono legal services, and connect it to the cause of women's rights locally, nationally, and globally.

What we do

IANGEL develops **strategic partnerships around the world**, focusing on health and reproductive justice, empowerment, and security. Through education, advocacy, and fostering direct pro bono engagement, IANGEL is building a global network for **transformative gender justice**.

INTERNATIONAL ACTION NETWORK
FOR GENDER EQUITY & LAW

A GLOBAL LEGAL NETWORK

IANGEL Board member Tzili Mor speaking at UN in March 2018

For each of the last five years, IANGEL has connected with gender equality activists and non-governmental organizations (NGOs) at the United Nations meetings of the Commission on the Status of Women (CSW) in New York City. At the CSW, we present at NGO parallel events on the power of using pro bono legal services to secure and protect the human rights of women and girls.

We support activists and organizations at the frontlines of change all over the world, strengthening global feminist and legal networks.

So far, we have connected for justice in

25 countries.

Our work impacts three Sustainable Development Goals (SDGs):

- Goal 5: Gender Equality
- Goal 10: Reduced Inequalities
- Goal 16: Peace, Justice & Strong Institutions

The Sustainable Development Goals (SDGs) are 17 global goals adopted by the United Nations General Assembly in 2015, as an urgent call for action for sustainable development by the year 2030. The SDGs provide a shared blueprint for peace, prosperity, and development for people and the planet.

FOR TRANSFORMATIVE GENDER JUSTICE

PRO BONO PARTNERSHIPS

Speaking out Against Sessions' Decision in Matter of AB

"Women around the world have fought incredibly hard to ensure that domestic violence is treated as a crime and recognized as a violation of women's human rights. Sessions' decision imperils these achievements, places an untold number of women's lives at risk, and strikes a blow to women's rights worldwide. It is an egregious attempt to turn the clock back on women's rights that must be addressed."

—Shruti Rana, IANGEL Board Member and professor of international law.
