Celebrate Joan Haratani at IANGEL's Virtual Gala

On August 13th, the International Action Network for Gender Equity & Law (IANGEL) will celebrate with our seventh anniversary gala, "[In It To Win It.](#)" Thanks to our sponsors we've built a fantastic line-up of advocates, artists and new IANGEL videos, as well as showcasing trailblazers in the field of gender equity.

At the gala, Joan Haratani will be honored with the *Amel Zenoune Zouani Rights & Leadership Award* for her exemplary work promoting women's rights and gender equality throughout her life and career.

Over more than three decades, [Joan Haratani](#) has honed practical, goal oriented, strategic thinking and courtroom skills in high-exposure cases. As co-lead counsel on some of the largest mass tort litigations, Joan defends her clients in class actions, from product liability litigation, to complex licensing agreements, to trade secret indemnity issues. While her litigation experience spans industries, including retail and finance, she focuses much of her current practice on the banking and finance industries. She is co-lead national counsel for one of the world's largest financial institutions.

Friends, colleagues and supporters join us at the Gala utilizing our Community Access registration or donate to support at varying ticket levels. Visit our website (iangel.org/virtual-gala) to register. If you would like to be a sponsor, you can do so during the registration process.
