

INTERNATIONAL ACTION NETWORK
FOR GENDER EQUITY & LAW

SUMMER 2021 IANGEL INTERNS

We are a network of lawyers who believe in equity for and equality of all people. Together, we are harnessing the collective power of talent, resources, and actions, to help secure equity and rights for women and girls around the world.

Our nonprofit hosts interns each summer that gain hands-on experience with our programming, projects, and communications. Interns that are passionate about gender equity, legislative advocacy, and global justice are encouraged to apply!

"While interning for IANGEL during the 2020 summer, I found myself surrounded by womxn who I came to love as my own family, and we were all united in our passion for gender justice. I felt so proud to be a part of the IANGEL team and I would not trade my time interning with IANGEL for anything." -Lauryn Johnson, 2020 Intern

Visit our website (iangel.org) for more information on our mission, projects, and history. If you are interested in interning with IANGEL for the 2021 Summer, email a resume and cover letter to andrea@iangel.org
